We ask all players, team officials and supporters attending the Oceania Cup to show mutual respect toward each other and follow the FFA code of conduct. Below is an excerpt from the official FFA Code of Conduct document:

2. BRINGING THE GAME INTO DISREPUTE

2.1 A Member must not bring FFA or the game of football into Disrepute.

2.2 Without limiting the generality of clause 2.1, a Member will be taken as having brought football into Disrepute if any of the following occurs:

(a) discriminatory behaviour, including public disparagement of, discrimination against, or vilification of, a person on account of an Attribute;

(b) harassment, including sexual harassment or any unwelcome sexual conduct which makes a person feel offended, humiliated and/or intimidated where that reaction is reasonable in the circumstances;

(c) offensive behaviour, including offensive, obscene, provocative or insulting gestures, language or chanting;

(d) provocation or incitement of hatred or violence;

(e) spectator or crowd violence;

(f) intimidation of Match Officials, which may take the form of (but is not restricted to) derogatory or abusive words or gestures toward a Match Official or the use of violence or threats to pressure a Match Official to take or omit to take certain action regardless of where such action is taken;

(g) forgery and falsification, including creation of a false document, forgery of a document or signature, the making of a false claim or providing inaccurate or false information on a prescribed form;

(h) corruption, including offering a Benefit or an advantage to a Player or an Official in an attempt to incite him or her to violate FIFA Statutes or FFA Statutes;

(i) abuse of position to obtain personal benefit;

(j) commission or charge of a criminal offence; or

(k) any other conduct, behaviour or statement that materially injures the reputation and goodwill of FFA or football generally.

In addition to the above, the tournament committee asks participants to also consider the following points about referees:

REFEREE ABUSE

- It is against the spirit of the game and club policy for Coaches, Managers, Players or Parents to engage in loud vocal criticism of referees.

- In the lower age competitive grades the young referees involved are learning and should be encouraged.

- It should be remembered that a decision is required to be made by the referee every time a player touches the ball and not every decision will be right for all people all the time.

- If you have a problem with a referee's performance then a written report will be given consideration. Please don't challenge a referee's decision but if you have a question about the rules ask in a calm and appropriate manner after the game.

- There is a shortage of referees and it is the experience of some football associations in Australia that referees cannot be found for a large percentage of games and as such clubs have to find volunteers to be referees. This is a very undesirable situation so respect and appreciation should be given to referees no matter what, in order to be part of the solution – not the problem.
